

Grow PRO

30% PROTEIN INTENSIVE

Grow PRO is high quality grower feed for shrimp. It is biosecure and sustainably created. Grow PRO is a complete feed, intended for intensive farming of shrimps.

It provides excellent protein retention and it is used for feeding of shrimps weighting from 6 grams to 20 grams. The feed is based on GMO-free raw materials and contains non-terrestrial (NT) and no pelagic fishmeal. The FIFO value (fish in, fish out) is zero. Grow PRO is an exceptional grow-out feed for your animals.

Analysis

NUTRIENT	VALUE	NUTRIENT	VALUE
Moisture (%)	12	Fibre (%)	4
Protein (%)	30	Calcium (%)	0.95
Fat (%)	7	Phosphorus (%)	0.85
Ash (%)	8	Sodium (%)	0.1

Ingredients

Rice bran, soybean meal, wheat, beans, farmed fish hydrolyzed protein, pea starch meal, sunflower, fish meal trimming, squid meal, lecithin, minerals and vitamins premix and rapeseed oil.

Product based on natural ingredients. Brown colour. Colour may vary, but this has no effect on performance.

Instructions for use

Use 1.6 mm size pellet for shrimp weighting 6 g – 10 g and use 2.1 mm size pellet for shrimp weighting 10 g – 20 g.

Divide daily feed into 4-6 portions. Apply feed by adequate method. Use feeding tray to control animal feed uptake. Adjust feed amount according to local conditions. This feed is prepared and formulated for *Litopenaeus vannamei*.

High protein percentage

Protein is the key nutrient in the development of strength and size. Grow PRO is available with three different levels of protein to maximize the shrimp production.

30% protein intensive
35% protein intensive
40% protein intensive

Storage conditions

Store in ambient, dry conditions. Maximum storage temperature for recommended shelf life is 25°C. Do not expose to sunlight.

Pellet size

1.6 mm

2.1 mm

Shelf life

12 months

Packaging

25.0 kg bag
