

FMR PRO

SUSTAINABLE PROTEINS

FMR PRO is a high quality fishmeal replacer. FMR PRO has a good amino acid profile, high digestibility and provides an opportunity to be less dependent on fishmeal. The protein levels are high and complete.

It follows strict European guidelines, ensuring it is GMO-free and contains no animal by-products. FMR PRO is in compliance with several high-end retail chains' demands.

Analysis

NUTRIENT	VALUE	NUTRIENT	VALUE
Moisture (%)	11	Starch (%)	7.90
Protein (%)	60	Digestible protein as % of total protein (%)	> 80
Fat (%)	1.70	Gross Energy MJ/kg (%)	18.50
Ash (%)	5.60	Soluble protein (%)	71.00
Fibre (%)	3.50		

Ingredients

Protein-derived product with partially bound amino acid mixture and polychaete (Nereis sp). Dark brown powder. Variation in color is possible but does not affect the performance.

Storage condition

20°C maximum storage temperature for recommended shelf life.

Instruction for use

FMR Pro could be added to the feed mix and blended in the mixer at 5-20%.

Packaging

25 kg bag
1,000 kg bag

Shelf-life

2 years
